How we support individuals

- Working with individuals to find out their strengths, abilities, and preferences – We get to know them, their families, carers advocates, and other people who are important to them and their care and support.
- Helping individuals to set goals as part of their support plan.
- Working with individuals to help them achieve their goals.
- Making sure that individuals have easy-to-read information about their rights and choices in whatever format and language they choose.
- Providing person-centered practical help for individuals, such as training and support on how to manage their home, their money, gardening, housework, and healthy living.
- Helping individuals to build relationships and access whatever community activities they would like to take part in.

Introduction

Our priority is to ensure that the individuals we support enjoy the same right to a happy and fulfilled life as others. We ensure that individuals in our care feel safe in their environment, are understood and are able to communicate to the best of their ability. Most importantly with the right support and help we empower and enable each individual to successfully live in a community-based service that is suitable for their needs.

Our services have considerable experience and expertise in supporting individuals with learning disabilities, autism, mental health needs and behaviours that challenge them to develop independent skills and live an active and happy life.

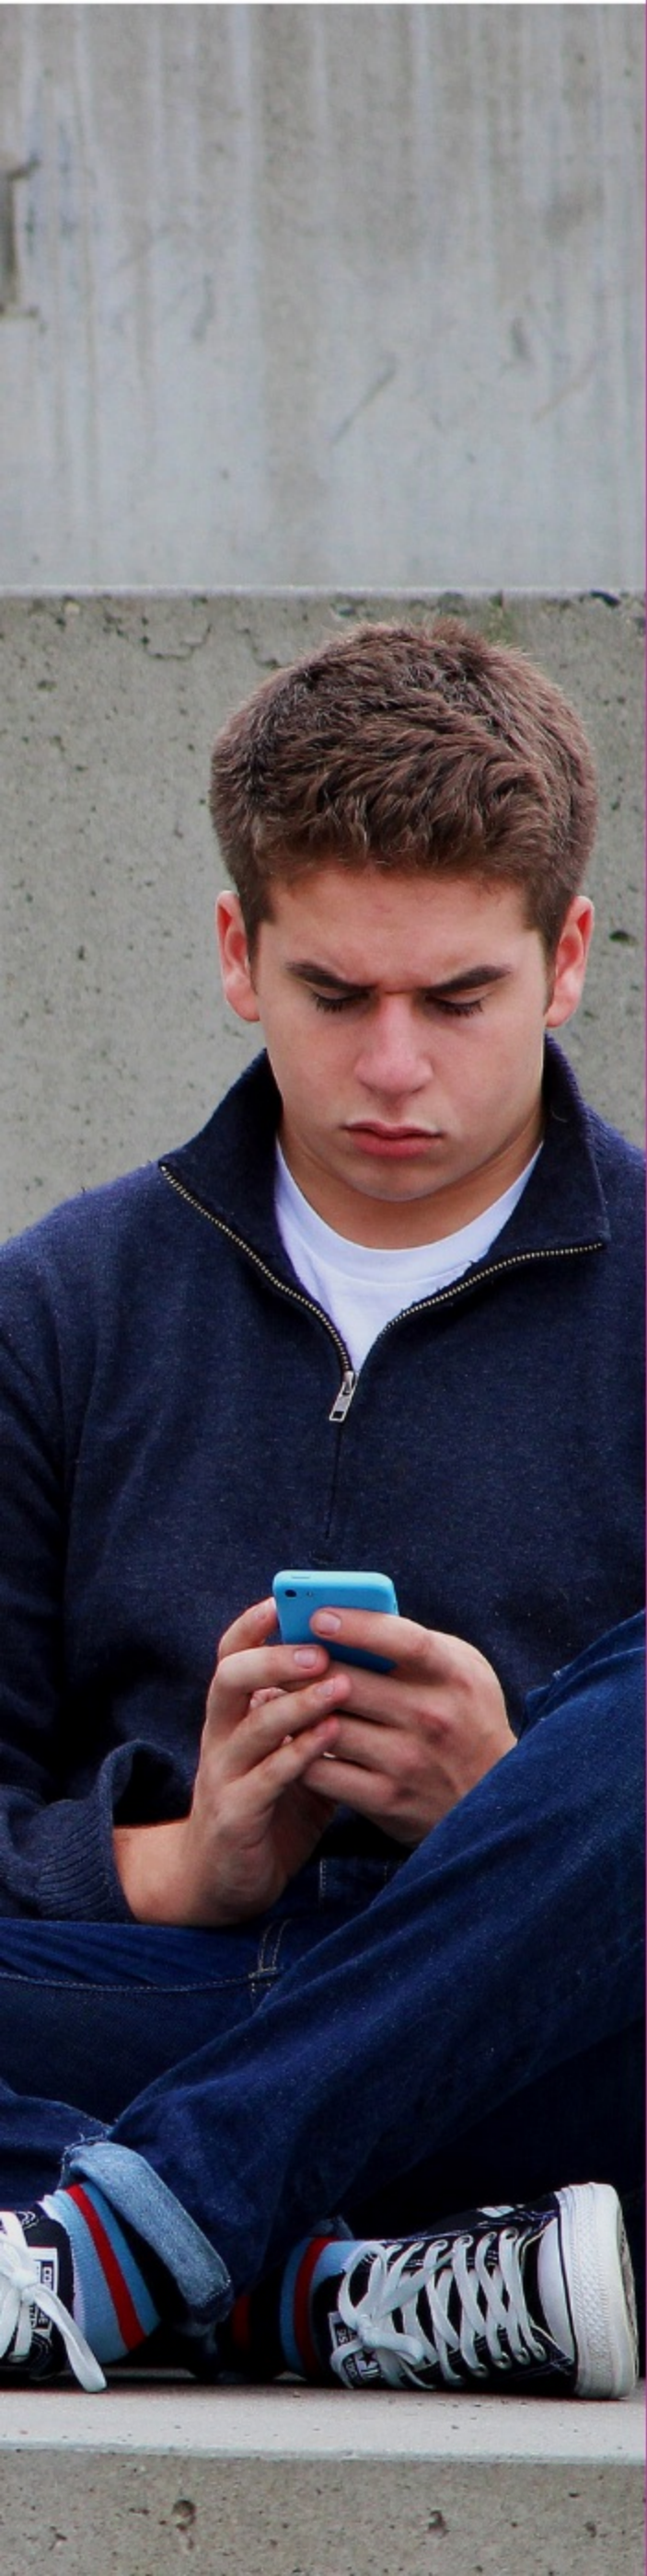

The support we provide in our services is person-centered and tailored depending upon the individual's needs.

Our teams work with each individual to help them achieve HIGHER standards

Our Approach to Supported Living

Supported Living is an important step towards independence. We know how important it is for individuals to have the right support so they can live the life they want to live.

We support individuals with learning disabilities, autism, mental health needs and behaviours that challenge. Individuals are supported to hold their own tenancy agreement with a registered housing association. Individuals who are interested in our services may have previously been detained within a hospital setting and are ready for a step-down placement within their local community.

Higher Height Care is experienced in supporting individuals who may lack the capacity to choose where they live and would work closely alongside our commissioning partners to ensure that correct legal frameworks are in place in order for them to live successfully in the community.

Offering experienced, trained staff twenty-four hours a day, the service benefits from a core staffing team. Each individual would be allocated an experienced and consistent staff team and training would be bespoke to individual support needs which enables tenants to live as independently and safely as possible. When individuals come to our supported living services, we take the time to get to know them, their preferences, as well as their hopes and dreams for the future. We support individuals with a personal discharge plan to achieve their goals and aspirations and ensure they feel they are in control of their own life.

Higher Height Care delivers quality, bespoke services that enable individuals to live as independently as possible while maintaining the best quality of life available.
